Experience the Flexibility: Custom Passenger and Cargo Service

60 YEARS OF PROVEN GLOBAL SERVICE

Global Aviation Holdings (Global), through its subsidiaries World Airways (World) and North American Airlines (North American), is the largest commercial provider of charter air transportation for the U.S. Military. Global is also a major provider of worldwide commercial global passenger and cargo air transportation services.

Global has a combined fleet of over 30 aircraft, including B747-400, MD11, DC10-30, B767-300ER and B757-200. Global sets the standard for customized air transport with our reputation for first-class customer service, for technical and operational performance, and for excellence in safety.

Two Great Airlines: One Mission

GLOBAL OFFERS RELIABLE CHARTER SERVICE THROUGH TWO PROVEN AIRLINES

WORLD AIRWAYS

Since its first flight between New York and San Juan, Puerto Rico, in 1948, World Airways has been providing reliable passenger and cargo services. World is, and has been since its inception, a fully certificated U.S. Flag Air Carrier and has a long and rich history of serving passenger, cargo, and military customers across six continents.

With a fleet of more than 20 wide-body B747-400, MD11, and DC10-30 aircraft, World has the equipment, expertise, and flexibility to meet the demands of major international airlines, freight forwarders, tour and cruise operators, and government entities.

NORTH AMERICAN AIRLINES

For the past 20 years, North American, also a fully certificated U.S. Flag Air Carrier, has been a world-class international carrier with a superb history of safe, reliable, and financially successful operations. With a reputation for first-class technical and operational performance, North American has had the pleasure of serving millions of passengers at destinations around the world.

North American provides charter passenger service to Global's growing list of customers with its fleet of B757-200 ETOPS and B767-300ER ETOPS aircraft. We not only meet, but exceed, the high standards that are expected by private, corporate, and government entities throughout the world.

The Advantages of Custom Charter Service

GLOBAL HAS A REPUTATION FOR OPERATIONAL PERFORMANCE AND FIRST-CLASS CUSTOMER SERVICE.

ANYTIME. ANYWHERE. ON YOUR SCHEDULE.

Global offers you the comfort and flexibility of flying large passenger groups and transporting air cargo on your schedule. We have transported millions of passengers and millions of tons of cargo to hundreds of destinations all over the world.

In recognition of our reliable charter service, we are the largest commercial provider of air transportation for the U.S. Military and a major provider of commercial global passenger and cargo air transportation services to customers across the globe.

Many of our customers have determined that outsourcing a portion of their wide-body cargo requirements allows them to be cost-effective, offering significant operational and financial flexibility. With a reputation for first-class customer service, high operational performance, and long-term financial stability, Global sets the standard for customized air transport.

PASSENGER SERVICE

Through its subsidiaries World Airways and North American Airlines, Global provides charter passenger services worldwide. With a fleet of B757-200 ETOPS, B767-300ER ETOPS, DC10-30, and MD11 aircraft, Global has the equipment to meet and exceed your charter requirements. We provide a variety of contract arrangements for tour operators, incentive groups, government agencies, sports teams, corporate groups, movie crews, and entertainment tours as well as wet lease and ACMI agreements for international airlines.

Global's experienced professionals will review your quote request – that can be submitted on-line – and customize a single flight or longer-term program for your charter needs. We are recognized for our excellent customer service and as a leader in the worldwide passenger services industry.

CARGO SERVICE

Global is an industry leader in providing long-range, specialized cargo air transportation solutions through its subsidiary World Airways. Our success is achieved through innovative people committed to delivering the highest level of customer satisfaction. We provide customized air transport for major international cargo carriers, international freight forwarders, and the U.S. Military.

World operates wide-body, long-range cargo aircraft: B747-400F, MD11F, and DC10-30F. These aircraft can be chartered under ACMI and Full Service contracts. Under both types of contracts, the customer bears the responsibility for filling the aircraft's cargo capacity. Many of our customers have determined that outsourcing a portion of their wide-body cargo requirements can be cost-effective, offering significant operational and financial flexibility.

MILITARY SERVICE

Global has a long and proud history of serving the U.S. Military through its subsidiaries, World Airways and North American Airlines. Our substantial fleet of aircraft provides the reliable and flexible service required by the Department of Defense, the Department of Homeland Security, and other governmental agencies. We serve foreign government entities as well, such as the Canadian and British Ministries of Defense.

Global has supported the U.S. in both peacetime and periods of conflict. We have participated to "meet the call" by moving both troops and material worldwide. We have a long and valued partnership with the U.S. Military and will continue to meet the needs of the Department of Defense in the years to come.

We are proud of our long relationship with the Air Mobility Command and serve as the largest commercial carrier of U.S. Military personnel.
